Tell us a fun fact about you:

I like to ride motorcycles.

Why did you join the military?

To pay for college.

What is the greatest single lesson you learned from your Military Service?

Always take care of your Soldiers.

Why did you apply for the Veterans Accelerated Management Program?

Because the program provides a comprehensive curriculum and the program aligns with my professional goals of training management and development within corporate industries.

What do you hope to accomplish in the next chapter of your life, both professionally and personally?

Establish a lucrative and profitable consulting business, and have the financial latitude to invest in community efforts for veteran empowerment programs.

What would you tell today's American public about our nation's Veterans transitioning out of the military?

Don't believe everything you see portrayed of veterans in the movies. Our skillsets and experiences are similar, it just has different terminology. Give us an opportunity to describe it to you and you won't be disappointed.
