| <p>Tell us a fun fact about you:</p> | <p>My daughter likes to chase birds while we fly our plane and go through clouds so the plane can have “tubby time”.</p> |
| <p>Why did you join the military?</p> | <p>I grew up knowing I was blessed to be an American. Joining the military and serving our country was the least I could do to acknowledge that blessing.</p> |
| <p>What is the greatest single lesson you learned from your Military Service?</p> | <p>To admit that I am not the subject matter expert in all things and to seek the counsel of others is a strength.</p> |
| <p>Why did you apply for the Veterans Accelerated Management Program?</p> | <p>I believe this program will prove to be invaluable in setting the conditions for the next chapter of my professional endeavor.</p> |
| <p>What do you hope to accomplish in the next chapter of your life, both professionally and personally?</p> | <p>My desire is to earn the trust of an organization, by my demonstrated actions, to facilitate a significant impact to the product/service for which I am entrusted. Likewise, I want to demonstrate appositve work ethic to my children and to give back the community in which we live.</p> |
| <p>What would you tell today’s American public about our nation’s Veterans transitioning out of the military?</p> | <p>The American’s that comprise our nation’s military represent the finest attributes of our society. The very fabric from which this country evolved continues to resonate by those who choose to serve. Embracing veterans, and hiring them when possible, is the most overt way of acknowledging the sacrifices of all veterans, since our founding, for the freedoms we all enjoy each day.</p> |
